Red Tractor Cheeses

available now from Cheese Cellar

We are continually working with our UK suppliers to offer you a wide range of products which give you this quality guarantee.

Red Tractor gives you and your customers the full confidence that both animal welfare and traceability is to the very highest UK standards from Field to Fork. This is achieved with a comprehensive set of standards to ensure that milk is produced and stored in a safe and hygienic manner; that the cattle's welfare needs are not compromised; that animals can be traced back to their farms and that the environment is not adversely affected by dairy farming.

Further, detailed information on the full Red Tractor dairy standards the can be obtained on the Red Tractor website www.redtractor.org.uk

Please contact your account manager for more information on other Red Tractor products we can offer you.
